**RE: Vote NO on the *Stop Dangerous Sanctuary Cities Act (S.3100)* and the *Stop Illegal Reentry Act (S.2193)***

Dear Senators:

On behalf of the 170 undersigned immigrant, civil rights, faith-based, and labor organizations and the millions of immigrant families we serve, **we urge you to oppose the *Stop Dangerous Sanctuary Cities Act (S.3100)*, the *Stop Illegal Reentry Act (S.2193)***, and any similar legislation that jeopardizes public safety, erodes the goodwill forged between local police and its residents, and perpetuates the criminalization of immigrant communities.

As Congress continues to delay comprehensive immigration reform and a permanent solution for the nation's 11 million undocumented immigrants, we are left with the status quo—an enforcement only approach that tears apart families and keeps people in the shadows. Despite the gridlock in Congress, localities across the country still have the responsibility to uphold safety and peace in their communities. To fulfill this goal, local police and residents have fostered mutual trust to root out crime and promote public safety, encouraging community members to cooperate with local authorities. In support of these goals, more than 350 diverse localities have enacted policies that promote community policing.

These bills do nothing to promote public safety. They are simply more enforcement only bills that do not offer any real, effective solutions. The *Stop Dangerous Sanctuary Cities Act* targets localities that adopted community trust policies by taking away millions of dollars in federal funding for programs, including the Community Development Block Grant and Economic Development Administration Grants, that could be used to build up communities, improve infrastructure, and strengthen local government. The *Stop Illegal Reentry Act* adds a mandatory minimum sentencing provision for immigrants that would tie the hands of judges and put thousands of non-violent offenders behind bars at a cost of at least \$3.1 billion to the taxpayer, and would require the 9 additional federal prisons to be built, at extra cost.<sup>1</sup>

<sup>1</sup> Calculations by the ACLU and the Center for American Progress, based on U.S. Sentencing Commission and Bureau of Prisons data, and assuming steady annual illegal reentry convictions at FY2015 levels. In FY15, just over 5,900 individuals with illegal reentry convictions had a prior "aggravated felony" conviction, i.e. all those individuals who received 8-level, 12-level, and 16-level enhancements under the sentencing guidelines. See U.S. Sentencing Commission, "Quick Facts, Illegal Reentry Offenses," Fiscal Year 2015, available at [http://www.ussc.gov/sites/default/files/pdf/research-and-publications/quick-facts/Quick\\_Facts\\_Illegal\\_Reentry\\_FY15.pdf](http://www.ussc.gov/sites/default/files/pdf/research-and-publications/quick-facts/Quick_Facts_Illegal_Reentry_FY15.pdf) (last accessed July 2016). The impact of the proposed 5-year

Faith leaders, advocates against domestic violence, the United States Conference of Mayors, and the National Association of Counties have all come out in opposition to these extreme proposals, which target essential federal funding, curtail effective policing, and increase mandatory minimums for immigrants. Indeed, these bills contains similar provisions to the *Stop Sanctuary Policies and Protect Americans Act* (S.2146), which the Senate wisely voted not to proceed on last year.

Now more than ever, Congress must find a way to enact comprehensive immigration reform. Until then, Congress cannot presume the discredited, mass deportation strategy encompassed by these bills is an acceptable substitute. The real solution to our dysfunctional system is comprehensive immigration reform, which would make our nation safer, foster participation by immigrant communities, and establish an enforcement system that emphasizes family reunification, discretion, and fairness.

In light of the above, we strongly urge the Senate to reject the *Stop Dangerous Sanctuary Cities Act* (S.3100) and the *Stop Illegal Reentry Act* (S.2193).

Sincerely,

### **National Organizations**

mandatory minimum for illegal reentry with a prior aggravated felony conviction was calculated by adopting the conservative assumption that the new sentence length for each of the 5,900 individuals above would increase to exactly 5 years. Assuming otherwise steady incarceration levels, and a cost per bed, per day of \$87.61, the increased annual expenditures within five years, and every year thereafter, would be \$448 million. The total increased cost for the first 5 years would be \$834 million, and the total increased cost for the second 5 years would be \$2.2 billion, for a total cost to taxpayers over 10 years of approximately \$3.1 billion. Additionally, within five years, the increased illegal reentry sentence lengths for people with prior aggravated felonies would require an increase of 14,000 prison beds, or about 9 new prisons at 1,500 beds per prison.
